The name film originates from the fact that photographic film also called film stock has historically been the medium for recording and displaying motion pictures. Many other terms exist for an individual motion-picture, including picture, picture show, moving picture, photoplay, and flick. The most common term in the United States is movie, while in Europe film is preferred. Common terms for the field in general include the big screen, the silver screen, the movies, and cinema the last of these is commonly used, as an overarching term, in scholarly texts and critical essays. In early years, the word sheet was sometimes used instead of screen. Film in general is not a good term to refer to a long standard commercial video production since it's ambiguous in general and therefore requires context for correct interpretation.

Independent filmmaking often takes place outside Hollywood, or other major studio systems. An independent film or indie film is a film initially produced without financing or distribution from a major film studio. Creative, business and technological reasons have all contributed to the growth of the indie film scene in the late 20th and early 21st century. On the business side, the costs of big-budget studio films also lead to conservative choices in cast and crew. There is a trend in Hollywood towards co-financing over two-thirds of the films put out by Warner Bros. in 2000 were joint ventures, up from 10% in 1987.¹⁴ A hopeful director is almost never given the opportunity to get a job on a big-budget studio film unless he or she has significant industry experience in film or television. Also, the studios rarely produce films with unknown actors, particularly in lead roles.

On March 5, 2021, cinemas in New York City were given authorization to reopen, subject to the same 50-patron limit as the remainder of the state.¹⁹⁷ On March 11, after Los Angeles County moved from purple to red on the Blueprint for a Safer Economy, the Los Angeles County Department of Public Health LACDPH gave authorization for cinemas to resume operations in the area at 25% capacity.¹⁹⁸ 42 of the approximately 107 cinemas as of 2019 in the LA area had resumed operations by March 26, with some chains and independent cinemas expecting to reopen over the next few weeks for the opening of Godzilla vs. Kong.¹²²¹²³
